

How to assign price list for the Hall in HDRestaurant?

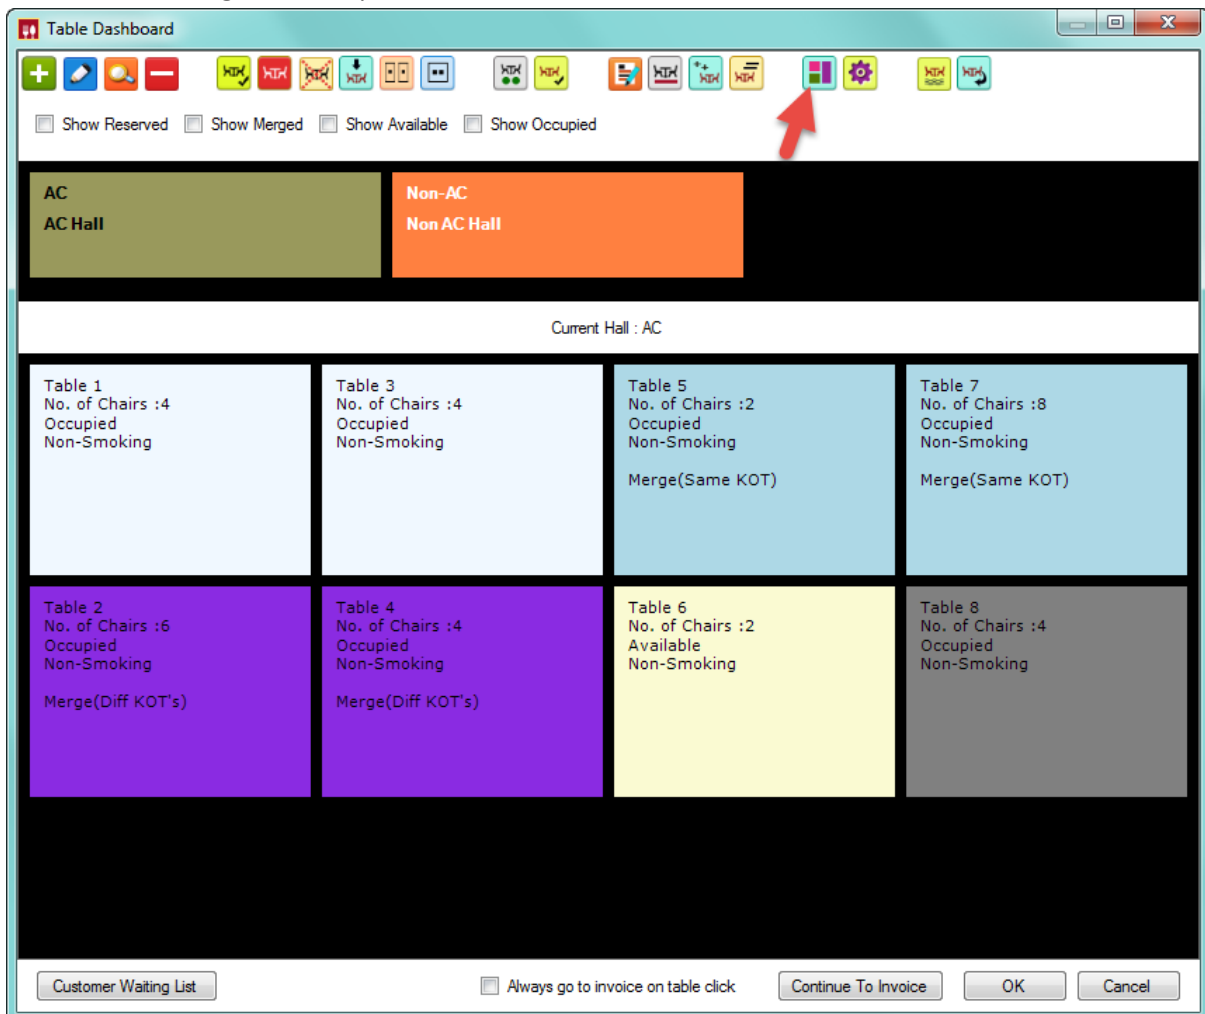

HDRestaurant Tutorials

In HDRestaurant you can create multiple halls and you manage different price lists for different halls. To assign price list to a hall follow the steps below.

1. Select **Table Manager** from Restaurant Dashboard.

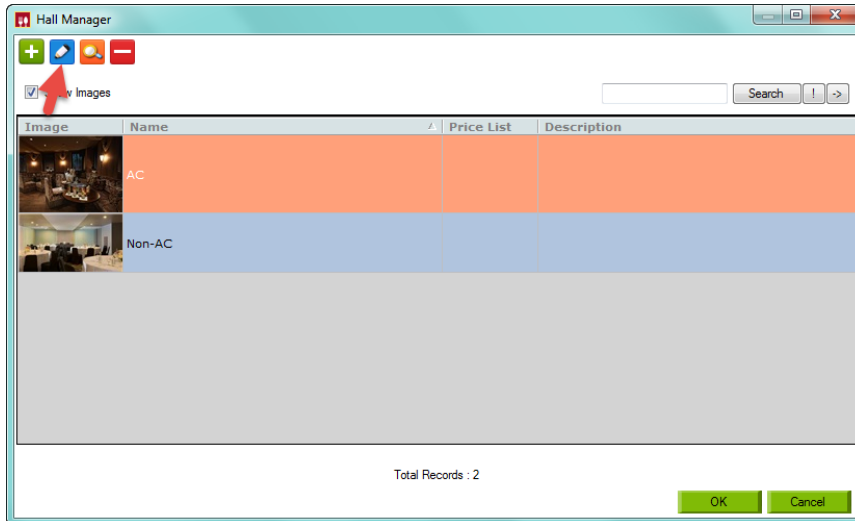

2. You will see **Table Dash Board** window, From **Table Dash Board** window click on **Hall Manager** tool strip button.

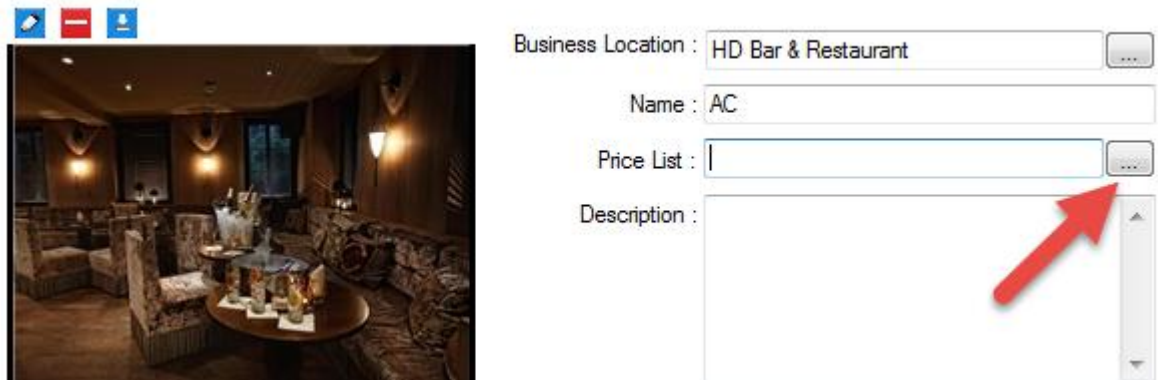

3. Select the hall to assign the price list and click on **Edit Hall** tool bar button.

4. From **Edit Hall** window, select the price list by clicking on three dotted  button.

5. After selecting price list click on **Update (F8)** button to save the changes.
