

# How to assign a table to waiting customer in HDRestaurant?

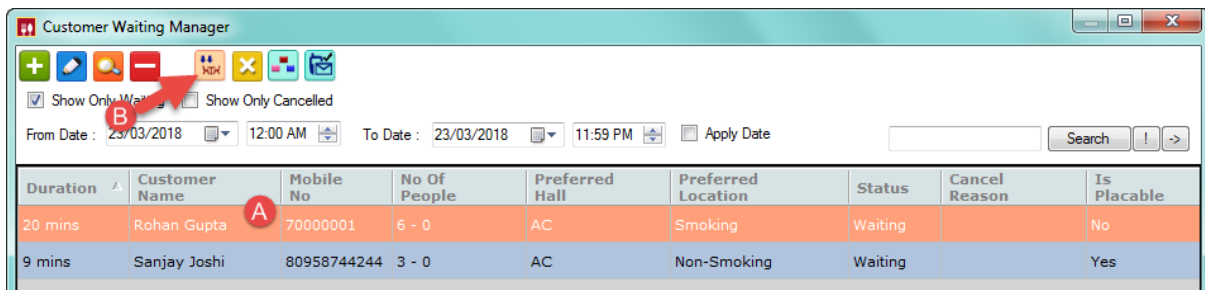

HDRestaurant Tutorials

To assign table to waiting customer in HDRestaurant, you need to follow below steps:

1. Run **HDRestaurant**.
2. Click on **Waiting List** button from Restaurant Dashboard.

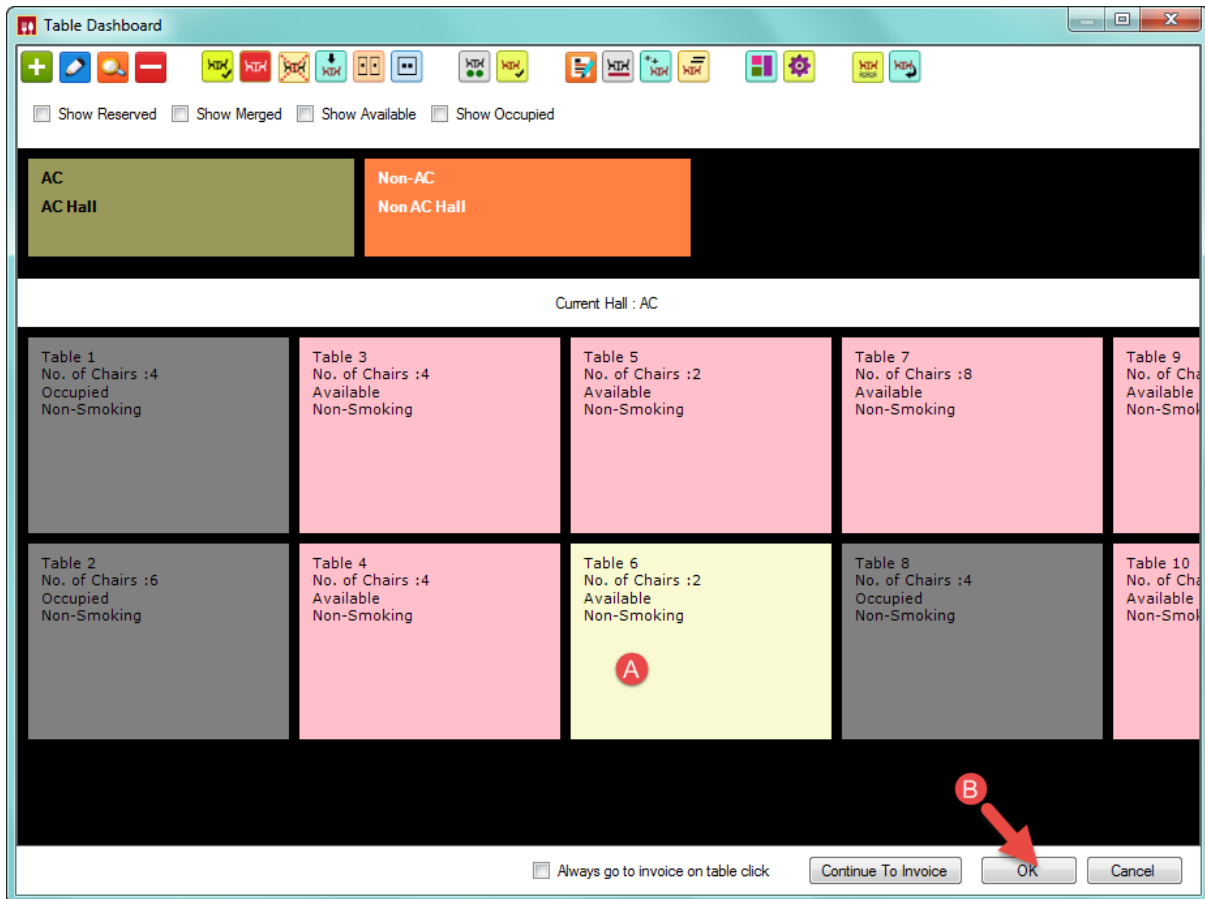

3. From **Customer Waiting Manager** window,
  - A. Select the customer to whom you want to assign a table.
  - B. Click on **Assign Table** button.

4. It will bring you Table Dashboard. From Table Dashboard window
  - A. Select the Available table that you want to assign to customer.
  - B. Click on **OK** to assign table.

5. You'll then take back to Customer Waiting Manager, follow step 3 and 4 to assign table to other waiting list.
6. You can view the placed /cancelled waitlist by Unchecking **Show Only Waiting** checkbox
